

**Integrated Vegetation Management Program – Do Not Spray Request**

The Lac La Biche County Agricultural Service Board staff will be carrying out the annual roadside brush and weed control program on **County owned roads** during the months of June through September 2010. **Please Note:** This program pertains to County owned roads only. Property owners with land adjacent to primary or secondary highways must contact Alberta Transportation at 780-623-5228.

A 30 meter no spray buffer zone will be put into practice in front of yard sites, dugouts, waterways or herbicide sensitive vegetation (i.e. gardens, shelterbelts).

The **deadline** for completed “Do Not Spray Requests” to be received at the Lac La Biche County Office will be **June 18, 2010**. **No telephone requests will be accepted.** Landowners who make a “Do Not Spray Request” shall be responsible for weed/brush control within the road allowance adjacent to their properties for the year as signed. In addition, receipt of the completed form authorizes the Agricultural Service Board staff to enter onto properties to post “**Do Not Spray**” signs in visible locations to mark areas where a “Do Not Spray Request” has been made. **This request is for the 2010 season only.** It is the responsibility of the property owner(s) to make requests on a yearly basis.

Mail form or drop off in Person to:

Kyle Beniuk  
 Lac La Biche County (McArthur Place)  
 Box 1679, Lac La Biche, AB T0A 2C0  
 Ph: (780) 623-6738  
 Fax: (780) 623-3510

I/We do not wish the road allowance(s) adjacent to my property (ies), as described below, sprayed during the 2010 season. I/We accept the responsibility of weed/brush control within the road allowance(s) for the 2010 season.
