“BOLD believes in this County and the potential the multiplex brings to the promotion and growth of the local community,” says Paul Reutov, President of BOLD Developments Inc. “I think that a facility of this nature is a major step in the right direction for the County. It is also a required facility to replace aging structures and accommodate current demand.”

The construction of the facility is expected to be completed by November 2010. Once open, the Bold Center will have a positive impact on the health and well-being of County residents. “This project alone may not turn the county's economy but it is a major piece of the puzzle to attract families and promote business. This is the BOLDEST thing that the County has done in the last 30 years, so it is only fitting that we put our name on it,” added Reutov.

On January 11, 2010, it became official. The Lac La Biche Recreation Multiplex has a new name, thanks to fundraising efforts and the commitment of the naming contributor's support for the community recreation facility. BOLD Developments Inc. has stepped up to the plate and committed \$1.3 million toward the multiplex. In return, the facility will carry BOLD's name for 15 years.
