

The County of Lac La Biche is seeking proposals for service from interested individuals or companies to read residential and commercial utility meters within the county.

Working independently, we'll expect you to call on residential and commercial properties within the County reading approximately 1,600 utility meters.

Qualifications include: accuracy with numbers, have access to transportation with appropriate liability insurance and a current driver's license.

Companies interested in supplying this service must be incorporated and have an active WCB account.

Proposals will be accepted until closing, Friday, May 22, 2009.

Any questions regarding this opportunity should be directed to Victor Mema, Manager of Finance.

Interested parties are invited to forward a proposal in strict confidence to:

Victor Mema, Manager of Finance
