

NOTICE OF CONSTRUCTION

Pavement and Surfacing Work

Dear Property Owners & Local Residents:

Please be advised that the Lac La Biche County has contracted Signature Contractors to construct, repair or remove sidewalks and curbs in front of your property. Construction crews will communicate with affected property owners and residents on a case-by-case basis.

Timeline:	July 1, 2020 to August 15, 2020
Scope of Work:	Will include removal of existing sidewalk/curb surface, and replace with new sidewalk and curbs.
Hours of Work:	7 a.m. to 7 p.m. (Monday to Friday) – typical hours 9 a.m. to 9 p.m. (Saturday, Sunday and/or holidays)

Circumstances such as inclement weather may occasionally result in longer hours of work, but will never exceed the hours of 7 a.m. to 10 p.m. on weekdays or 9 a.m. to 10 p.m. on weekends or holidays.

Impact to Residents and Local Traffic:

- There will be restricted access to your property/driveway for short periods of time.
- Curbside pickup service will be affected. Please leave your waste and recycling bins in or close to their usual locations when there is construction taking place in your area. Crews will move them to an accessible point and return them after waste and recycling collection.
- Heavy equipment will be in and around your neighborhood. Stay as far away as possible and take extra measures to keep children and pets away from the construction area.
- Please be aware that there will be surveillance of construction areas in place with cameras and/or security personnel.
