POLICY STATEMENT:

Lac La Biche County recognizes the need to provide sewer rodding services to residences, businesses and institutions which are connected to the County’s sewage system.

PROCEDURE:

1. When County staff are requested to rod sewer services to any dwelling, business or institution for the purpose of removing an obstruction or otherwise unplugging the sewer line, they shall:
   
   i. Obtain a signature by the owner or authorized personnel on the work order prior to commencing work;

   ii. Ensure a mailing address and physical address are indicated on the work order for billing purposes; and

   iii. The property owner shall be responsible for payment of the sewer rodding service from the dwelling to the main sewer line.

   iv. Charge the rates applicable as per Lac La Biche County’s sewer Bylaw.

   v. The property owner shall not be responsible for the sewer rodding service billing if the sewer backup was caused by an obstruction in the main line.
